SCDC Financial Accounts 2022/23

SCDC's accounts for 2022/23 have just been published, which brings the council up to date. As for the auditing of accounts, the government has introduced transitional arrangements for all councils' outstanding audits, and their final decision on the outstanding SCDC accounts for 2021/22 and 22/23 is awaited.

Zero Carbon Communities grant scheme 2024

SCDC's popular Zero Carbon Communities grant scheme is now into its sixth year and the latest scheme opens for applications on 2nd April. Since its inception, more than half a million pounds has been given to schemes across the district. Projects are invited under two main themes: to reduce carbon emissions or lock up carbon and to increase community engagement around climate change. Grants of between £2,000 and £15,000 are available to parish councils and community groups in the district and a total pot of £125,000 is available. Further information, help and advice is available by emailing zcc@scambbs.gov.uk

Weekly food waste collections

On 25 March, the Department for Environment, Food and Rural Affairs announced that [councils in England will be supported with up to £295 million in government funding to introduce weekly food waste collections by 31 March 2026](#).

The [funding will cover new food waste containers for homes and specialist collection vehicles](#), targeted at councils that have yet to fully put food waste service in place. We should have more details soon.

Mobile / Community Wardens Scheme

SCDC has agreed to use its reserves to underpin the Age UK Mobile/Community Warden Schemes across the district by £100K, which is additional to the council's usual financial support. All schemes are struggling financially but those serviced by Age UK have been particularly hard hit and without this support it is highly likely that they would have been wound up by the charity. The extra SCDC funding will allow all schemes to continue until 2025 and give the council extra time to conclude work that it commissioned several months ago to quantify the value of the warden schemes to the wider care service, allowing (as it does) vulnerable residents to remain at home rather than needing hospital and/or long-term residential care. It is hoped that the report will give the council persuasive evidence to present to the County Council and the NHS seeking

greater financial support of the wardens scheme. We very much hope that the new Integrated Care Partnership will live up to its name because, without increased financial support, the future for the schemes after April 2025 is bleak.

Local Plan Timetable Update

A timetable update has become necessary for producing the Greater Cambridge Local Plan. This is a key planning document which would ensure that growth is delivered in a sustainable way for people and the environment. It is clear that the existing timetable for the Local Plan can no longer be met, owing to multiple external factors, including restraints posed by a lack of water availability, the failure to deliver a sustainable transport strategy and the intervention of the government which is demanding the building of homes in significantly higher numbers (“northwards of 150K new homes”) than that proposed by the Local Planning Authority (50K).

We are awaiting further information about the Government’s plans for Cambridge 2050. At the moment it seems local councils will have involvement via an ‘advisory council’ but we don’t have more detail than this.

Statement of Community Involvement for Planning

SCDC, together with Cambridge City Council has formally adopted a new key planning document which sets out how they will help residents have their say on a wide range of planning matters during the next five years. The Statement of Community Involvement (SCI) is intended to increase public participation in the planning system and, in doing so, empowering residents to play an active role in shaping the future of Greater Cambridge. This goes much further than previous SCIs in ensuring that residents’ views are better reflected in the emerging Local Plan. 50th Anniversary of South Cambs

SCDC is celebrating its 50th Anniversary this month. A civic ceremony was held at South Cambridgeshire Hall in Cambourne. You can find out all about what happened as well as some of the history/ successes of the district council over the years here: [50 years of South Cambridgeshire District Council - South Cambs District Council \(scambs.gov.uk\)](https://www.scambs.gov.uk/50-years-of-south-cambridgeshire-district-council)

East West Rail Community Conversations

East West Rail have organised ‘community conversation events’ over the next couple of months to talk about their plans. There are three in the Greater Cambridge area: Cambourne 10th May, Cambridge 21st May, Comberton 22nd May. These are not part of the statutory consultation for EWR but should prove to be interesting/ informative events and it would be good to see parish councillors going along so that when it comes to the statutory consultation Parish Councils can feed into it fully. You can find out more here: [eastwestrail.co.uk/news/latest-stories/community-conversation-events](https://www.eastwestrail.co.uk/news/latest-stories/community-conversation-events).

COUNCILS, RESPONSIBILITIES AND KEY GOVERNMENT FUNDED ORGANISATIONS
