Discussion and activity related to considering options for unitary authorities continue with no decisions made yet. There will be an extraordinary full council meeting at SCDC in March to consider initial proposals for the creation of unitary authorities to be submitted at the end of March and final business case is still expected to be required in the Autumn. I will continue to keep you informed of SCDC activity related to this.

Safeguarding

SCDC Councillors received a safeguarding briefing in February in which it was made clear that it is important to remember that Safeguarding is everyone's responsibility and that we all have a role to play in safeguarding individuals and communities. Attached to this PC report are the following that I think will also be useful to Parish Councillors too:

- Safeguarding Awareness poster
- How to report Concerns poster

Please do contact me with any safeguarding concerns you need to raise or feel free to use the contact information in the posters.

Update from Cambridgeshire County Council on Household Support Fund

All SCDC councillors are being asked to support the County Council to share information about the Household Support Fund Scheme which is running until end of March. Thousands of households can claim cost of living support potentially worth hundreds of pounds. Over the next few weeks, Cambridgeshire County Council are raising awareness to those who may be eligible for this support but have either never claimed, or have not put in an application this round. PCs can also help share Cambridgeshire County Council's social media posts over the next few weeks – all the graphics will be titled "Are you struggling to pay for food or bills?"

An SCDC approved message by service to accompany these: Are you experiencing financial hardship? There's still time to sign up to receive financial support from the Household Support Fund before 31 March 2025. Find out whether you're eligible here:

Tenant Satisfaction Measures (TSM) Survey

SCDC has appointed MEL Research to carry out a Tenant Satisfaction Measures Survey to all our council tenants. Letters have been sent to all our tenants asking them to either complete the paper

survey or on-line, this will be followed up with reminders. Attached is a copy of the letter and survey for your information. If asked, this is a genuine survey with set questions that every housing provider is required to undertake as part of the new Social Housing Regulations. Additional funding announced for homelessness services

On 25 February, Ministry of Housing, Communities and Local Government (MHCLG) announced an additional £30 million of government funding for homelessness services. Funding is targeted at 295 areas that are facing the highest risks of homelessness through housing costs and rent arrears. The funding will be specifically given to councils to step in early and keep people in their homes before eviction notices are served, or support people off the streets into accommodation. It brings the total Winter Pressures Funding for homelessness and rough sleeping to £60 million this year. Last year, the government launched an emergency £10 million package for rough sleepers, with a further £20 million in January. A full breakdown of funding allocations for each council is available at [Rough sleeping winter pressures 2024-25 funding allocations - GOV.UK](#).

Land use in England consultation

The government has launched a consultation on a new strategic approach to managing land use in England, to give decision makers the data they need to protect agricultural land and increase Britain's food security. The consultation explores the land use changes implied by commitments to restore nature, support food production, improve climate resilience and deliver new housing and infrastructure. It seeks views on the type and scale of land use changes that might be needed, as well as the actions government could take to support this. The consultation closes on 25 April.
