Our plans for the future

- Piloting a new Northstowe Hub **café at the Secondary College** in partnership with Meridian Trust and South Cambs District Council, in addition to continuing our café sessions at The Cabin
- Actively recruiting **more volunteers** to expand our brilliant team and allow our community projects to be available more days and times each week
- Continuing our mission to enable other community groups and projects to thrive through **funding collaboration and support**, including further collaboration with Northstowe Foodbank to provide needed Halal supplies to local refugee families
- Undertaking **appreciative enquiry with residents** to ensure everyone's voice is heard and we can offer more of what people want from a local charity
- Contributing to **decision-making** about our burgeoning Northstowe Community as it continues to grow, including input on the upcoming Unity Centre
