

Northstowe Pavillion

Newsletter Issue 3 - December 2022

Jon Wilson
Area Manager
(Cambridge)

Dean Berry
Site Manager
dean.berry@pentaco.co.uk

Pentaco Construction understands that construction - by its nature - can be disruptive and can cause inconvenience to our neighbours. We hope that with regular communication we can minimise the impact of any disruption. This newsletter - along with future updates - is intended to report the progress on site and inform you of any future works which may have potential short-term impact on your everyday activities.

By working with you and keeping you regularly updated, we hope that the process of delivering this project can be a stress-free and positive experience for all.

Progress to date:

The CFA piling works are complete.

A look ahead:

Over the next period the site compound will be extended and the temporary self-contained welfare unit replaced by our main welfare units. Out on site, works will continue in the ground with excavation of the ground beams and testing of the piles. The site will be closed over the Christmas period. Our last day on site will be Friday 23rd December 2022 and we will reopen on Tuesday 3rd January 2023. We would like to take this opportunity to wish our neighbours a Merry Christmas and a Happy New Year.

We would welcome your feedback on the content of this newsletter or any suggestions for useful future content. If you have any immediate concerns or wish to contact the site, please contact our Site Manager Dean Berry.
