Dear Mr Nokkert,

Firstly, we would like to say a big thank you for the support shown for the launch of our brand new website - www.visitsouthcambs.co.uk

The website has been launched to support our local businesses within the tourism and hospitality sector as well as helping with visitor economy and encouraging local residents to 'stay and support local'.

Many of our businesses, attractions and event organisers have expressed appreciation for the work we are doing to help support them.

Now that the website is live, we are turning our focus to further enhancing the content and useful information available and are looking to create itineraries for specific groups, for example families looking to plan a great day out, nature lovers, walkers, cyclists and so on, and this is where we need your help.

Are you able to help us in gathering information for public walking routes/trails within your parish? Do you happen to have any maps/images that we can use detailing local walk routes, or are you able to point us in the direction for someone who could help, please?

We would also like to help promote any local events and planned activities that are taking place within your parishes.

If you are aware of any key events taking place that we can help support by means of placing a free listing within the 'what's on' section of the website, please could you ask the event organiser to fill in the details on this online form link [Business Data Collection | Visit South Cambs](#)

Alternately, we invite you to drop us a line at visit@scams.gov.uk with the details of any events taking place and we will try to contact directly.

We would like to thank you for your continued support. Please do not hesitate to contact us if you would like further information, or have suggestions as to how we can further develop the website in support of your local community.

Kind regards,
The Business Support Team
